

Technical questionnaire

Osteospermum

Version 1

Mandatory fields or sections are marked with an asterisk (*)

01 . Botanical taxon: name of the genus, species or sub-species to which the variety belongs:

Osteospermum L.

Osteospermum ecklonis (DC.) Norl.

Osteospermum L. × *Dimorphotheca* Vaill.

Other species (please specify)

02 . Application code:

For office use only

03 . Breeder's reference:

Breeder's Ref.

04 . Information on the breeding scheme and propagation of the variety ***04 . 01 . Breeding scheme ****(this question could be confidential)*

crossing

mutation

discovery

Please state where and when discovered and how the variety has been developed

other origin

Please provide details

04 . 01.01 . Crossing **(this question could be confidential)*

controlled cross

Indicate denomination and species of the parent varieties

partially known cross

Indicate denomination and species of the known parent variety(ies)

unknown cross

04 . 01.02 . In case of mutation, please fill in the table below: **(this question could be confidential)*

Denomination of the parent variety	Characteristic(s) in which your candidate variety differs from the parent variety	Describe the expression of the characteristic(s) for the parent variety	Describe the expression of the characteristic(s) for your candidate variety

04 . 02 . Method of propagation of the variety *

vegetatively propagated

Please specify the method

seed propagated

04 . 03 . In the case of seed propagated varieties, method of production:

self-pollination

cross pollination

hybrid

other method

Please specify

05 . Characteristics of the variety to be indicated *

(the number in brackets refers to the corresponding characteristic in the CPVO Technical Protocol; please mark the state of expression which best corresponds)

05 . 01 . Plant: growth habit (1) (G) *

1 - upright SUMIPAS 0904

2 - semi-upright SAKOST 8077

3 - spreading Duetiswila

05 . 02 . Plant: height (2) *

1 - very short

2 - very short to short

3 - short Sir Rossa

4 - short to medium

5 - medium Balserimlav

6 - medium to tall

7 - tall Sunny Henry

8 - tall to very tall

9 - very tall

05 . 03 . Leaf: variegation (6) (G) *

1 - absent Sunny Henry

9 - present Silver Sparkler

05 . 04 . Disc: type (12) (G) *

1 - daisy Sunny Henry

2 - anemone KLEOE 10180

05 . 05 . Plant: inward rolling of longitudinal margins on ray florets (23) (G) *

1 - absent on all flower heads Sunny Henry

2 - present on some flower heads Osjaseclipur

3 - present on all flower heads Balserlabli

05 . 06 . Only varieties with disc type: daisy: Ray florets: width of ring at base (25)

1 - absent or very narrow	Sunny Henry
2 - narrow	SUMIPAS 02
3 - medium	Sunny Felix
4 - broad	Balserimlav
5 - very broad	

05 . 07 . Ray florets: main colour of basal part (27) (G) *

RHS Colour Chart (indicate reference number) Please indicate preferably the RHS colour chart number, otherwise please tick the appropriate colour name

1 - white

2 - yellow

3 - orange

4 - pink

5 - red

6 - purple

7 - violet

other colour (indicate which)

05 . 08 . Ray florets: main colour of middle part (28) (G) *

RHS Colour Chart (indicate reference number) Please indicate preferably the RHS colour chart number, otherwise please tick the appropriate colour name

1 - white

2 - yellow

3 - orange

4 - pink

5 - red

6 - purple

7 - violet

other colour (indicate which)

05 . 09 . Ray florets: main colour of apical part (29) (G) *

RHS Colour Chart (indicate reference number) Please indicate preferably the RHS colour chart number, otherwise please tick the appropriate colour name

1 - white

2 - yellow

3 - orange

4 - pink

5 - red

6 - purple

7 - violet

other colour (indicate which)

05 . 10 . Ray floret: colour group of lower side (32) *

1 - very light brown

2 - very light yellow to light yellow

3 - medium yellow to dark yellow

4 - yellow brown

5 - orange with brown stripes

6 - orange brown to orange

7 - red brown to dark brown

8 - purple

9 - violet

10 - brown purple to brown violet

11 - blue

12 - yellowish white with purple stripe

13 - yellow with green stripe

14 - yellow with brown stripe

15 - other colour group

Please indicate

06 . Similar varieties and differences from these varieties

Please note that information on similar varieties may help to identify comparable varieties and can avoid an additional period of testing.

06 . 01 . Are there any similar varieties known? *

Yes

No

06 . 02 . Similar varieties and differences from these varieties: *

Denomination(s) of variety(ies) similar to your candidate variety	Characteristic(s) in which your candidate variety differs from the similar variety(ies)	Describe the expression of the characteristic(s) for the similar variety(ies)	Describe the expression of the characteristic(s) for your candidate variety

07 . Additional information which may help to distinguish the variety ***07 . 01 . Resistance to pests and diseases ***

Yes, specify

No

07 . 02 . In addition to the information provided in sections 05 and 06, are there any additional characteristics which may help to distinguish the variety? *

Yes, specify

No

07 . 03 . Are there any special conditions for growing the variety or conducting the examination? *

Yes, specify

No

07 . 04 . Other information *

Yes, specify

No

07 . 05 . Photo *A representative colour photo of the variety must be **added** to the technical questionnaire.**07 . 05.01 . Details of the picture(s)**

Place where the picture(s) was(ere) taken

Date of the picture(s) (month and year)

07 . 05.02 . Attached picture(s) *

Where appropriate, please provide additional details on the picture(s) provided (i.e. deviations of the colours on the picture compared to the plant/flower)

08 . GMO-information *

08 . 01 . GMO-information required *

The variety represents a Genetically Modified Organism within the meaning of Article 2(2) of Council Directive EC/2001/18 of 12/03/2001.

Yes

If yes, please attach in point 08.02 a copy of the written attestation of the responsible authorities stating that a technical examination of the variety under Articles 55 and 56 of the Basic Regulation does not pose risks to the environment according to the norms of the above-mentioned Directive.

No

08 . 02 . In case of GMO, joint attestation of the responsible authorities stating that a technical examination of the variety under Articles 55 and 56 of the Basic Regulation does not pose risks to the environment according to the norms of the above-mentioned Directive.

DECLARATIONS *

I/we hereby declare that to the best of my/our knowledge the information given in this form is complete and correct.
