

Lepidium Simplified standard protocol: SSP/LPD/2.rev

Botanical taxon: Lepidium ruderale L. (LPD)

Lepidium virginicum L. (LPV)

Common Name (when known):

Date of preparation of SSP:

Date of revision of SSP:

SSP revised by:

Lepidium

01-08-2015

01-01-2020

W.A. Wietsma

Sample to be examined: VEGETATIVE

Number of foreseen growing cycles: 1 year

Closing date for applications: 1/12

Submission date/period: 01/04 – 30/04 Seed/Plant quantity/quality: Seed: 3 gr seed

Special conditions sample: None

Test station address: Naktuinbouw, Sotaweg 22, 2371 AA,

Roelofarendsveen

Name: Team Support Variety Testing Department

E-mail: teamsupport@rasraad.nl

List of grouping characteristics: NO

Minimum number of plants in trial: seeds for growing 100 plants are sown directly to

the soil

Minimum number of plants observed 83 plants

by measuring or counting: Plants of seed-propagated varieties: 1

Give description of when observations on the flower should take place:

Summer at full flowering

Give description of when/where observations on the leaf should take place: Summer at full flowering Give description of when/where the other observations should take place:

Summer at full flowering

Test will take place IN THE GREENHOUSE under conditions ensuring normal growth.

Uniformity: A population standard of 1% with an acceptance probability of at least 95%. Number of Off-types allowed: 3 off-types allowed in a sample size of 100 (self-pollinator)

Table of characteristics: PRESENT (see annex)

Literature: PRESENT (when present, please annex to this document)

Table of characteristics Lepidium

Plant: height Rosette leaves: petiole: length (cm) Rosette leaves: petiole: anthocyanin coloration Rosette leaves: blade: length Rosette leaves: blade: width
Rosette leaves: petiole: anthocyanin coloration Rosette leaves: blade: length
Rosette leaves: blade: length
Rosette leaves: blade: length
Rosette leaves: blade: width
LOUGH LOUI PIGGO TIGGE
Rosette leaves: blade: composition
Rosette leaves: blade: shape
Rosette leaves: blade: color of upper side (RHS)
Rosette leaves: blade: glossiness of upper side
Rosette leaves: blade: colour of lower side
Rosette leaves: blade: glossiness of lower side
Rosette leaves: blade: pubescence
Rosette leaves: margin of leaflet: kind of small incisions
Peduncle: branching: height
Peduncle: branching: intensity
Peduncle: main brench: shape in cross section
Peduncle: main brench: size in cross section (cm)
Peduncle: main brench: colour
Peduncle: cauline leaves: shape
Peduncle: cauline leaves: length
Peduncle: cauline leaves: width
Peduncle: cauline leaves: colour
Peduncle: cauline leaves: margin: shape
Peduncle: cauline leaves: margin: snape
Peduncle: cauline leaves: glossiness
eduticle: cadilite leaves. glossifiess
